

Casbah

PARIS-FRANCE

Robert Piguet Parfums invites you for a magic carpet ride to Morocco with Casbah, an evocative and mesmerizing fragrance. Inspired by Marrakech, Casbah blends the warmth of Moroccan spices with the austere elegance of Atlas cedarwood and rounds out the composition with cool iris.

Modern and elegant, Casbah has plenty of twists and surprises. The warm whispers of black pepper and nutmeg introduce the delicate green melody of angelica root. The effervescent opening then softens into a heart of iris embraced by tobacco leaves. Cedarwood provides a polished backdrop for the intricate smoky floral accord, while the incense wrapped around the salty vetiver makes for a smooth finale.
